NATIONAL EDITORIAL ASSOCIATION

There won't be another Presidential election until 1952, but that usually isn't an indication of what is to come, and as a test of power between strongly divergent philosophies of government.

The main interest will center in Ohio, where Senator Taft will run again. The two sides have a truly national significance. For Taft has clearly proven himself to be the most adroit and effective opponent Mr. Truman has.

As everyone knows, the Truman legislative program has fallen in every day. He lost out completely on his request for a civil rights bill, and will get only a small part of his all-inclusive social welfare program. The change in the Columbia Valley Administration belief indicates that Congress is so slim as to be almost non-existent. His ideas on tax increases have found their ear in Congress. His leaders have been outmaneuvered and beaten again.

Senator Taft has nothing else all along by any means, but he has been the leading spirit. It is not remarkable that a large group of Washington correspondents, of all political views, recently voted overwhelmingly for Taft when they were asked to name their favorite Senator. He has few equals as a parliamentarian. Perhaps no one now in Washington has as much knowledge of the complex workings of the government. He is famous for tenacity, and can be a very tough man when Republicans show signs of wavering on policy. He frankly wants to be President, and twice tried to make his approach to the White House.

Joseph Alutto writes: "Incredible forces will be rallied for this Ohio struggle. The labor groups will put everything they have into the effort to defeat Taft.... Businessmen all over the country are already laying the cash on the line to aid the Taft campaign. I am sure that the Senate will actually start its campaign very soon—no later than Oct. 1. The state of Ohio is as perfect a state as exists for a great test of the kind. It has a big population, a large electoral college vote, and it has always been a pivotal state. It has large labor groups and large agricultural business groups as well. It is normally Republican, but not invariably so. Last year it went for Truman, and elected a Democratic governor."

If Taft loses to an opponent running on the Truman platform, his fate among the Republicans party, which is the only wing that has taken a stand with the Administration, will receive a body-blow setback. If he wins, he will have the inside track for the 1952 GOP nomination, and those who hold similar beliefs will take new heart.

GLADES PRODUCE
(Continued from Page 1)
some of it already up several inches and doing well. The produce will be harvested and will give the spring crop an expanded whorl. While the fall crop will compare to last year's crop is yet unknown but Assistant County Agent H. L. Speer, and his wife, are now taking their annual vacation, which will be spent in north Florida.

While away "Prof" will also take a busman's opportunity of visiting several experimental stations, inspections and conversations with up with the State Agent's school convention in Gainesville.

President McCabe, of the Glades branch of the Fruit and Vegetable Growers Association, is unable to find hotel accommodations for an opening ladies night party, so the October meeting, if one is called, will be of a regular nature with a steak supper, notice of which will be sent members.

Storm repairs and installations of new equipment will all be completed in time for packing houses in time for the shrimp season. Some new men will be among the packing house organizations and some old ones will be in unusual companies.

The Okelaknee Sugar Company found that it had to have a new boiler for its power plant and same is now being installed. Other sugar companies, as well as that of the U. S. Sugar Corporation, will be in progress before the end of the present month. Much of the winter losses caused by down has recuperated so that harvest will not be as difficult as expected.

COLORED FOOTBALL
(Continued from page 1)
have gained manhood stature and power, so that they can field a very formidable team, those of them if necessary.

The game that will be against Carver High School of Miami, whose team has made quite a commendable record this year, will be the Building Committee and A. E. Kirkland, of the Finance

same were approved by the members.

The Master announced at the next regular communication that the Fellowcraft degree would be exemplified, with each officer stepping up two stations. October session of the Master's and Wardens' meeting will meet in Belle Glade hall on October 16th, with sessions at 2 and 4 for E. A. degrees schooling later.

Crider, Mrs. Billie Grimes, Clara Gleibach, Mrs. Robert Lanier, Mrs. Celia McCabe, Mrs. D. W. Smith, Mrs. Spence Whitfield, Mrs. Mary W. Coffman and Mrs. N. P. Willis.

A program was conducted by Mrs. Billy Cridler, the topic being "Prayer for Christ."

Those taking part were Mrs. Jack Whittlesey, Mrs. David Montes, Mrs. E. Williams and Mrs. M. L. Sherrill.

Refreshments were served by the hosts.

A business meeting was conducted by Mrs. Robert Lanier, Circle chairman.

Visitors present were Mrs. Edna Beardley, Mrs. David Montes, Mrs. E. Williams and Mrs. M. L. Sherrill.

Refreshments were served by the hosts.

ENTERTAIN BETHANY
Monday night, the Bethany Methodist Church, host to the Bethany Club, held a meeting at the Parsonage shelter.

The men were amazed at the manner in which the women responded to the invitation to participate in their general householding, the total number numbering around 75 persons.

The bear hunts are staged jointly by the U. S. Forest Service and the State Game and Fresh Water Fish Commission.

Kirchman Will Head Boy Scout Council To Coming Year

Workers in the Boy Scout movement held an annual business session at the Chamber of Commerce office, Sept. 26, for the election of officers and laying plans for the membership and financial drives of the coming year.

Officers chosen were as follows: Chairman, A. E. Kirchman, District Commissioner, D. B. Mathis, Vice Chairman, Thom Brogett and Spotswood Park, Assistant District Chairman, N. O. R. M. Haylip; Executive Board Members, Thomas Brogett and W. T. Elder.

Dakota Potato Crop Good On Time With Big Shipment To Florida

North Dakota Certified Seed Potato Growers have enjoyed very fine fall harvesting weather. According to R. C. Hastings, Secretary, the market for the crop was practically all harvested by the 5th of October and is

robbed and also voted to pay one half of the expense for the youth group and would result in shipment of the crop.

The certified acreage was 2,000 last year, compared to 2,000 last year. The biggest production was in the Cobber variety and there were definite increases in the certified Pontiac and Red Pontiac varieties. Cars have already moved to Cuba and South Florida. Shipments will be made to this section early in October.

Social Happenings

Mr. G. L. Royal and Mr. Jack Hollingsworth have recently returned from a business trip to New York City.

Donald McLaughlin, of the Scarborough Department Store, is spending a two week vacation at his former home in McRae, Ga.

Mr. and Mrs. John G. Cherry, announce the birth of a daughter, Julia Ann, to the Belle Glade Memorial Hospital.

Word from John-Hopkins hospital at Baltimore Monday night, reports that Dr. L. Price is making satisfactory recovery from an eye operation and that

E. D.

M. D. & DOUG
A member of the Biblical atom bomb chapter says insects may inherit the world in the event of nuclear war. This puts the reverse side of the atomic bomb into perspective. And it's a quick answer to those who say "We're going to the dogs." It seems that the dog population is 40 times as much atomic radiation as man. So if that would jar a man would only receive a few millionths of a glow worm. This certainly gives the dog a more heroic ego of the human race. For consider the fact that the top specimen in the animal kingdom is a small, puny man on the atomic totem pole.

At the Glades Drug Store, Hora, do not want to wear an atom bomb around their necks off our immediate vicinity. We have more room to maneuver and remedies will be provided for those who are worried about the possibility of being hit by an atom bomb.

HUGO
use a "deadly" weapon against many patrons that our establishment has been serving for drugs, sundries and good eats.

It is better to go to a store preferring to "dodge" out than to "die" out. When it reaches that stage, "Freshest" Hugo provides the best medicine.

A new addition to the store makes polka-dotted leather gloves. These are made of palm that holds half a pound of weight. They come in a nice pair of gloves to make a man look good. Pens and pencil sets make perfect gifts for the young students. Ask to see the Waterman pens and fountain pens in GLADES DRUG STORE.

his sight will be retained. He hopes to be able to return to Belle Glade within the next two weeks.

Those who attended the meeting of the Post and Auxiliary at Vero Beach last Saturday and Sunday, were Charles Johnson, Mrs. Cliff Blackburn, Mrs. and Mrs. Fred Ogle, E. C. Mapp, Mrs. Clara Kirkland, Miss Gladys Clayton and Mrs. Annie Barlow.

William Carter, chief clerk in Pughett's store was called to Brevard, Florida, over the weekend by the critical illness of his father.

Erwin Bone, who since his return from military service has been connected with the Pugh barbershop, has gone to Lake Worth, where he will be.

Mr. and Mrs. Harold Rubin and family visited Mrs. Rubin's mother in West Palm Beach Sunday and Monday. Mrs. Rubin, mother of Mrs. Rubin, just returned from an extended visit in Philadelphia, Pa.

Mrs. Thomas Bregger, who has been visiting at the home of Mr. and Mrs. Robert Preble and son Gary, at Aberdeen, Washington, returned home yesterday night. Mrs. Preble is the daughter of the Biegert Enroute to Washington. Mrs. Bregger attended the P.E.O. National Convention at Chicago, as representative from this area, Sept. 8th through the 11th.

Mr. and Mrs. V. W. Riedel are the parents of a seven pound baby girl born September 29th at St. Mary's Hospital, West Palm Beach.

Mr. and Mrs. R. E. Holard left last Friday to attend the Georgia Tech Homecoming. Mr. and Mrs. M. D. A. Fornier of New Smyrna accompanied them. The party returned home Monday.

Janet Holard spent the week end at Ft. Pierce as guest of her aunt and uncle, Mr. and Mrs. W. R. Negus.

STORY SHOWER
A Stark Shower was held at the home of Mrs. L. J. Warren honoring Mrs. M. W. Giese. Hostesses were Mrs. A. R. Whalen, Mrs. Ivan Van Horn, Mrs. Betty Harris and Mrs. Warren.

A color scheme of pink and white was carried out in the arrangements. Games appropriate to the occasion were played and prizes won by Mrs. S. C. Markham and Mrs. B. B. Brickley.

Guests present were Mrs. Paul Kirschbaum, Mrs. W. P. Knight, and Ervin Gilsson, Mrs. I. W. West, Mrs. D. C. Dehaven, Mrs. Harry Peters, Mrs. Della Altman, Mrs. H. K. Arant, Mrs. K. L. H. H. Herren, Mrs. Mrs. B. B. Brickley, Mrs. S. C. Markham and Mrs. Bernice Boots.

Refreshments were served by the hostesses.

Also have solo seat, racing fender, gear shift lever, etc. A Calif. design machine. Want to trade at low price or trade for car. Contact Al Ray at Belle Glade Herald office.

School News

By Durine Mathewson

Junior Class

Did anyone notice the gleam in the Juniors' eyes when they came out of the Gym Tuesday morning? Well, the gleam was caused by the fact that the Juniors had just finished ordering their class rings. The Belle Glade High crest will be used again this year and I'm sure we all know that it is the best looking ring to be had.

Graduates plans are already being made. Needles, pins and spray cans, their commencement invitations and selected blue silk gowns for the graduation exercises. Of course, there's still a year of hard work ahead, but next spring you will see them display their choices proudly!

FOR SALE—Cushman Motor Scooter. Good condition, engine perfect. Price \$75. Howard Hill, phone 2378. 10-7-2f

FOR RENT—Close to the football game Friday night was equally as successful as the game. As it is to be expected at school football games, the band was in full gear the music started, because, as usual, the phonograph refused to play. Gramming and moaning could be heard from the band room as the band members around went after another paragraph. After all the "going" there were three photographs and consequently, PLenty OF MUSIC. The gym team, too, was in full gear. The band colors, blue and gold, and yellow and white. Streamers flew from the light guards and the names of the two teams were written across each end of the gym floor. In reality, the band girls came and everyone seemed to have a wonderful time.

Another dance sponsored by the band was held after the game with Okeechobee tonight. Same place, same time, so come one, come all!

Future Camp Makers Club

Meeting last night at the Littlefield met with the girls interested in organizing a Future Homemakers Club, Tuesday. A bright idea of the work and fun of the club was presented to the girls. It was suggested many times without success that this national organization be organized in our school, but now, under Coach Levitt, the girls will be in full swing in a couple of weeks.

Game Friday night was really a big night for all concerned. During the many showers that fell so freely before and during the game, the bleachers were packed, including the new reserved seats. The "Golden Ram" was a record-breaker.

Game leading Vero Beach by a large margin, all the way. Everyone was so proud of the team that 2000 spectators were enroute to Ft. Lauderdale. The woman was not hospitalized, as she sustained only superficial injuries. The occupants of the car were thrown from the car to the hard surface.

And here we are nearing our six weeks test. Don't seem to be able to get that book soon—but who's miffed—and here's the schedule:

Tuesday, Oct. 11th; 1st and 4th period.

Wednesday, Oct. 12th; 2nd and 5th period.

Thursday, Oct. 13th; 3rd and 6th period.

Friday, Oct. 14th; 7th period. Good luck, you all!

Belle Glade H.A.M. Team

In Bowling League

Clewiston has a Bowling Alley

Clewiston has a bowling league of seven lanes, of which four are from Belle Glade, which is spearheaded by Ray Sullivan, and called Royal's. Each team plays seven contest games, and in the first half of the schedule, the last team in the class second, losing out on a final strike play. The men who are playing with the Royal's are Lee Brandon, James Caldwell, A. J. Richmond, Bill Hill, Kelvin Lee and Ray Sullivan.

MONIES AVAILABLE

(Continued from page one) care for the construction funds needed for the new Firehouse, work and the Congress appropriated a million and a half, by agreement of the conference committee of the Senate and House.

The Congress authorized a total of \$36,000,000 towards the whole project of which the million and a half is a part.

The money actually needed for a project of this type at each session.

The plan is okayed, the project is to be carried out by the expenditure of \$36,000,000 in hand. Succeeding Congresses will only be concerned with the amount of money needed for the period its available.

The rights-of-way, a State obligation, is provided for by our legislature and makes available.

Frenzied long hours of hard work is being indulged in by the U.S. Engineers, the Central and South Florida Districts' engineers and officers to get the work done.

Both Kaufman and Sheffield are efficient officers, and at all times work hard and do their duty.

The many days of rain, which has held members working all night, Friday in fact they couldn't quite decide whether to not to initiate new uniforms anxious waiting for the new uniforms to be ready. But after many hours of planning and making, they finally decided to go ahead with the new uniforms.

The second and third day, the band house in a hopeless effort to get the uniform dry during the rain, the band members worked the half and they marched across the field, they really looked marvelous and played like it was Saturday.

Outside of Flagler's railroad station, the band presented a great single marching so far as constructive effect on South Florida is concerned, for it affects every acre of land, every fowl and animal as well as everyone in the area covered by it.

Road Patrolmen Kaufman Promoted To Sergeant

Corporal W. K. Kaufman, of Belle Glade, was promoted to the rank of Sergeant, which pays \$3300.00 a year. Kaufman has served in his present assignment for the past three years and was recently promoted to the rank of Corporal by Sheriff Ernest Sheffield, to cover the sections from Port Mayaca to Boca Beach and south to Broward line on Federal highway 27, an route 80 route Bell Glade to Twenty mile.

Both Kaufman and Sheffield are efficient officers, and at all times work hard and do their duty.

BECK RE-ELECTED

Continued From Page One
Canal Point Lions, Rotary, gave a delicious meal to the Women, agreed, if re-elected, that he would be willing to serve at the regular price of \$2400.

Commissioner Harris stated that while he had nothing against Mr. Beck personally or his legal work, yet, he did think that there was a lack in that department at times because of Mr. Beck's other legal business. That the City and the solicitor had no understanding, and that the two should have to one another as to duties to be performed. That he felt our city ordinances were in better shape, according to him, than ever, and that he did not lay this to the door of the Solicitor, but to the Commission itself, both old and the present body. It was decided that the election would be drawn up. The Commission then re-elected Mr. Beck at the old salary of \$3400 per year. Mayor Rabin was present to serve as Justice of the Peace.

There being no outside legal applicants for Police Judge, Mr. Collins moved that N. D. Lloyd be appointed to that position, and by a vote of 4 to 1, Commissioner was elected to the position by a three to two vote, Harris and Dooley casting the negative votes.

The Commission then took up a schedule of salaries to be paid city employees, and each Commissioner was asked if he had any changes from the scheduled. Commissioner Rabin, Lloyd and Willis said that he would ask for the elimination of the assistant Inspector in the Inspection Department. He thought that outside the collection of fines, the Office of the Inspector that Inspector Willis could carry on the work, with the Police Department doing the latter collection, all concerned were of the same opinion.

Commissioner Harris was the only Commissioner who did not think this move was wise, but rather safe, as he believed the cities would not be able to find full time jobs for two men. The Commission, at the recommendation of the Department head, followed his recommendation.

No written confirmation of the work of the man eliminated.

Two water works employees were given customary raises on length of service, and the salary of firemen adjusted. Mrs. C. W. McDonald, park superintendent, who has been serving on a "token" salary, had her salary fixed at \$200 a month. High school teachers spoken of the excellent work she was doing in her department.

When the budget was formed and later adopted, funds were provided for a new building for the City Commissioners, but no adopting legislation had been enacted on this subject. It was brought up for discussion, with Mayor Rabin moved that no changes be made, and that such funds later be used for city improvement.

When the vote was taken on the measure to increase the vote was 4 to 1, Mayor Rabin voting in the negative.

No definite information was at hand as to what effect the recent general election would have on city funds, but a state interpretation is soon expected. However, the city will not be too hasty in regulating its taxing ordinances, until a better picture of the issue is available.

The salaries agreed upon for payment to department employees, City Clerk, City Engineer, A. L. Wallin, \$4,800; Lois Davis, \$2,400; Virginia Anderson, \$2,400.

Police Department, C. L. Charles, \$600; Officer Congdon, \$1,620; Officer H. E. Fire Department, L. E. Williford, \$900; Robert Balz, Assistant Chief, \$3,000; Carl Williams, Cecil Bair, \$2,700; Chas. Kapp, \$2,400.

Building and Building Inspector, N. B. Willis, \$3,660; Early Jones and Carl Tabakoff, \$2,400.

Police Department, C. T. Pennington, \$3,600; Junior R. Green, \$2,400; E. C. Cowart, \$3,000; Claude Davis, \$2,400; City Collector, H. G. Bell, \$2,400; City Police Judge, L. D. Lloyd, \$1,620; Park Superintendent, Mrs. C. W. McDonald, \$2,400; Mrs. J. A. Bell, Library Board, \$300.

second frame, rambling 18 yards is set up a TD for Williams. Belle Glade interference was a third to be produced.

Phahoke made a visit to Burdine field to meet up with the new Delta Contractors. The Blue Devils showed more improvement over their Cleiston game, and held the heavier and more experienced opponents without trouble until the middle of the game when the Cavaliers managed to shoot a pass that meant a touchdown and a point. The score, 7 to 0.

**City Equipment Does
Well Out Under Use**

Major and Police Commissioner Harold Rabin reported to the Commission, that two new police cars for the department were of urgent need, as the present ones are no longer trustworthy. Commissioner Harris also reported that the city was in need of a new truck. The city will soon ask bids for this group of equipment.

The new season reserved bleacher section was well attended, showing that there had been quite a success in this particular section, and the spectators were invited to the sky to perform some of their stunts. Here, there, gone could well be the description of this year.

Crop dusting by plane is no novelty to gladiators, but to many of the estimated 5,000, mostly assemblings, it was a novelty. This stunt was carried on by one of Phahoke's dusters, Gil Gold.

After the ceremonies, Florida Pilot's Association put on an air show, which was very much enjoyed. Florida's first flight from Jacksonville to Tampa, St. Petersburg, Miami, Key West, West Palm Beach, Hollywood and other points over the state.

A number of visiting dignitaries were extended a ride in the airliner, going well out over the lake on the trip, so that all could see the great amount of water, land and the seat of hope for conservation projects.

To the father of the project, and one who has worked unceasingly to bring it from the dream stage to the reality of making the address in dedication of the field, namely, County Commissioner Paul Hardin, of City Police. The offer of the Commissioner was accepted to back up the statements he made in his address. It was stressed by Commissioner John Prince, that this field was not to be a place of racing, but a place of sports, and that he would be so understood and so operated for the growth of the Glades, for it had not been thought that such a port had been constructed.

In his address, the orator of the day, spoke along a historical line and told the story of justification for spending of public funds in the sum of \$160,000 for its establishment, and his points were well taken.

He cited that the first business ever to be transacted in the Glades area was the hunting down of Seminoles Indians, and that the sum paid from \$50 to \$150 for each dead Indian accounted for or brought into Federal Army headquarters. The second venture was the hunting of egrets in the fields, and the third that of commercial fishing in the lake since 1944.

It was not until 1925 before the present farming program came into existence, which has grown until the Glades is the vegetable garden of the world. He told the story of bean, corn, rice, cotton, tobacco, and the ever increasing cattle project.

He held that if the Glades expected to continue to grow and reap its harvests for monetary gain, then better transportation must come to supplement the present rail and truck transportation services, and that could only be made by fast airplane and ship, and the support of which was the main object of the building of the Glades airport.

He also took occasion to speak of the importance of the proposed bridge, dredging, drainage, and reservoirs, and Water Control project on which a generous Federal Government was to expend \$20,000,000, with the state at large making contributions in the form of land and monies, in one of the greatest engineering projects that the Army Engineers had ever secured the Federal Government to support.

The port dedication was a great event for Phahoke, and the Glades area, and the entire county, and was a success from start to finish. The port is now officially open for business.

Consumers' Problems

By Mrs. Orr D. Lee
Mrs. Lee has done special research on this problem at Tuskegee Institute, Alabama; Hampton Institute, Virginia; and Miami University, Oxford, Ohio.

Continued from last week)

Honesty of Consumer Movement
The consumer movement began with the writing of a book entitled, "Your Money's Worth" by Chase and Schlinke. This book came into the hands of the author in 1906. In 1906, the Pure Food And Drug Act was initiated to protect consumers and promote fair competition. Then, the two movements are closely related, the beginning of the movement, which is today climbing the stairs to the sky in every state. Today the consumer needs, has clubs and organizations which combat the cause and legislation and congressmen fighting to pull the shackles of ignorance from his feet that he may tread the path of intelligence.

The consumer movement has grown in size and strength. The Wheeler-Lea Act of 1938 saw the beginning of many books, reports of the consumer movement of all the consumer. Such organizations as General Federation of Women's Clubs, the National League of Women's Voters, the American Association of University Women, the American Association of Parents and Teachers, the Sions Foundation have served as real champions to fight for and spread a good education throughout the entire United States. The progress of the movement can be evaluated in terms of attitudes, motives, and general outlook. A training has taken place. Antagonism against unfair practice has arisen.

Marketing and Marketing
The consumer in order to be an intelligent consumer must know more about the market. I shall attempt here to inform you about market and marketing trends.

First, we will consider what constitutes a good market. Since consumers want certain goods and services, we consider their quality and cost in time and energy as well as dollars and cents.

A good market provides (1) commodities which the consumers want and are ready to pay for, (2) provide wide variety from which to choose, (3) there is no pressure (4) prices are fair, (5) trained personnel (no waste or inefficiency), (7) large quantity of goods supplied, (8) free entry. How well does the market measure up to these standards? Is a question to be asked.

In a competitive system with the consumer free to choose, the market, in a large manner, is forced to respond to the consumer's demand; but the system in this respect is far from perfect. "The Separation Of

The Consumer—A Good Judge of Foods

You, my everyday consumer, need a certain number of calories, supplied by protein, carbohydrates and fats. If you do not know the food containing these daily requirements and how much each needs to supply, (6) free entry. How well does the market measure up to these standards? Is a question to be asked.

The protective diet, including the seven basic foods, is

the chart that should be in the minds of every housewife and consumer.

1. Learn the values of the vitamins by alphabets.
2. Learn the sources of each vitamin and purchase foods containing them.
3. Learn uses and where each of the following are found:

- A. Calcium
- B. Phosphorus
- C. Iron

4. Study food charts including vegetables, grain, and fruit. Study food values and food properties. The following points should be remembered when purchasing vegetables and fruits:

- A. Food value
- B. How to select
- C. Quantity to buy
- D. Best season to buy

The following foods have great values when the qualities of the products, which are important to consumers, could only be met by a half dozen.

The market also has some products that are harmful to health.

The Federal Food, Drug, and Cosmetic Act of 1938 was a big step toward a market with less harmful products. Competition has always been the main insurance that prices are fair; it has never been perfect. Ignorance is always checked it. Monopolies and various forms of cartels are responsible. However, the consumer should bear one fact in mind, anything that decreases efficiency and prevents, in any way, the full development of products, reduces consumer's rights and lowers the quality of goods for consumers as a whole.

Since the market is the center of the consumer's well being, it is important to know the people living in cities of 50,000, 20,000 percent live in towns and villages, and 23,000, 23,000 percent live in rural areas. There has been increased in 28 percent, including foreign imported laborers, thus the consumer price in rural areas increases.

Distance and types of food which the consumer buys affect largely determine buying practices. The other factors are occupation, and environment which largely influence the type and quality of the food to take care of the family's needs.

The Consumer—A Good Judge of Foods

You, my everyday consumer, need a certain number of calories, supplied by protein, carbohydrates and fats. If you do not know the food containing these daily requirements and how much each needs to supply, (6) free entry. How well does the market measure up to these standards? Is a question to be asked.

F. Studio couch

It is a studio couch as a service piece of furniture. It will hold a person, two persons, G. Card tables
Good card tables serve many purposes.

H. Sheets

Woolen sheets look for torn label—a guarantee that the hem will wash and iron.

I. A finished length of 99 inches is necessary for tucked in and folding over a blanket protection. Be sure you get hemmed lengths and not cut lengths.

J. The width: a single bed sheet should be 7/4 wide or 61 inches wide; a double bed sheet should be 91 inches wide.

K. Hemms: A good 3 inch hem at the top and bottom, one at the other is desirable.

4. To check the quality.

L. Towels
1. Brand: A nationally advertised brand is usually dependable.

2. Yarn slippage: Hold towel between the thumb and forefinger and pull. If the yarn separates, it is bad.

3. Size: Small size towels run 16 by 30 inches and 22 by 46 inches; medium size towels 20 by 40 inches and 22 by 46 inches; large size towels are the most popular.

There are many agencies which the consumer can turn to for help in spite of the weakness.

Florida's Growth Past Eight Years Far Above National Increase

Florida's advance along the economic front has been almost unprecedented during the past eight years. The Florida State Chamber of Commerce reported today in its weekly business review.

Highlighting this growth, the highest and industrial division of the State Chamber points to percentage increases 1940-1948 for Florida and the comparable national figure.

Industry: Florida, 207; U. S., 172.

Wages and Salaries: Florida, 220; U. S., 175.

Cost Farm Income: Florida, 190; U. S., 284.

Income from Livestock and Products: Florida, 335; U. S., 250.

Population: Florida, 28; U. S., 10.

Bank Resources: Florida, 253; U. S., 122.

Per Capita Savings: Florida, 214; U. S., 149.

Life Insurance in Force: Florida, 74.

Retail Sales: Florida, 224; U. S., 185.

Gross Postal Receipts: Florida, 116; U. S., 84.

Electric Production: Florida, 222; U. S., 132.

Vaile New Construction: Florida, 231; U. S., 187.

the Producer and the Consumer," has comments. In many ways the producer sees the consumer demanded rather than follow it. Only when actual purchasing takes place can sellers be absolutely sure of the existence of the demand. The following points should be remembered when purchasing vegetables and fruits:

- A. Color
- B. Phosphorus
- C. Iron

4. Study food charts including vegetables, grain, and fruit. Study food values and food properties. The following points should be remembered when purchasing vegetables and fruits:

Services were good at new the First Baptist Church. Mrs. Bethel last Sunday and the attendance was good. Sunday School at 10 a.m. conducted by Mrs. Sue Kendall and his fine staff of officers.

11 a.m. Deacon Service and Rev. C. W. Johnson conducted a stirring message. Preacher added to the church.

At 3:30 p.m. the Senior choir presented a musical recital at

Members of the New Bethel Baptist Church "quartet" D. C. Harvard and Robert Fowling leaders, Joe Ransom, John Young and Ira Watson.

The quartet leads its bimonthly meetings among organizations in the Glades, aside from regular performances at the church.

SCHOOL NEWS OF EVERGLADES VOCATIONAL HIGH

By Coles Miller

The Junior Red Cross had its first meeting of the school year Friday, September 30, 1949. Two representatives were sent from each class. The following officers were elected.

President: Jameson Poole; Vice President: George Murphy; Secretary: Christine White; Assistant Secretary: Annie Bell Smith; Treasurer: Daisy Bell.

The new girl is to have a physical examination uniform by November 1. These uniforms are being purchased. The use of older uniforms will add great difficulty to movement and carrying out the curriculum of the physical education department includes calisthenics and marching, which are to develop a strong tone and nervous muscle control.

These activities are said to be the A. B. C.'s of physical education. Other activities are social, folk, and creative dancing and team sports such as basketball, football, baseball, and softball, small and large group play and quiet games. Full enjoyment is desired under the leadership of the physical education department.

These girls are being trained for drum, majorettes. These girls are Hazel Poole, Florence Holtzman, Agnes Williams, Edna Williams, and Catherine Davis. For some form of entertainment during the half of our day, we have our girls in drill corps, while a section of them are to march in the annual school assembly.

After business transactions, the meeting adjourned and the

Elementary School held its first meeting of the 1949-50 term with a fine attendance of parents and teachers. The election of officers was held and they are as follows: President, Mr. D. M. Taylor; Vice President, Mrs. Willie Mae White, Secretary; Mrs. Marie Anderson, Asst. Secretary; Mrs. Cleo Miller, Treasurer; Mrs. Charles McDaniel, Parliamentarian; Rev. E. Coffie, Chaplain, and Mrs. Oliver, Reporter.

The group discussed the State Federation of Colored Women's Clubs, which has been established, and the State Federation of Negro Women's Clubs.

Plans were made to carry out the program of the State Federation of Colored Women's Clubs.
